*Dear David,*

The culmination of the project to build a new Junior Ratings Galley and Dining Hall at HMS COLLINGWOOD draws to a close a period of sustained effort over the past 18 months and therefore I would like to take this opportunity to pass on my personal gratitude. The level of commitment, professionalism and genuine cooperation from your small team throughout the entire programme, together with the members of our Partnering Supply Chain, has made the project an extremely enjoyable event to be associated with.

I have been privileged to be involved with some highly rewarding projects and worked with many good people during my Naval career, and thus it gives me great pleasure to say that working alongside yourself and Mario has been an enjoyable experience – your expertise, dedication, and extremely importantly, good humour, has been commendable.

Without doubt, we can all look back at a project that is a striking illustration of the teamwork of all those involved and therefore on behalf of RNEO and HMS Collingwood's Junior Ratings - thank you.

*All the very best*  
*Bob*
